[LinkedIn](#) · [Github](#) . [Portfolio](#).

A skilled individual in HTML, CSS, JavaScript, and Python, currently pursuing a software engineering degree at African Leadership University. Focused on frontend development, I'm enthusiastic about crafting dynamic and user-friendly web solutions. Eager to take on challenges and passionate about making a positive impact through technology.

EXPERIENCE - PROJECTS

Task Manager Web App   **Jan 2024 - Present**

- Improved overall system efficiency by successfully integrating frontend and backend functionalities, resulting in a cohesive and well-performing task manager application.

- Facilitated effective collaboration within the team of 3, fostering a synergistic environment that contributed to the successful development of the comprehensive task manager application.

- Streamlined task management processes, leading to increased productivity and organization for users interacting with the web app.

- Implemented features using HTML, CSS, Flask, and JavaScript, resulting in a visually appealing and feature-rich application that meets user needs and expectations.

Web Application Age Calculator   **Oct 2023 - Sep 2023**

- Collaborated with a team of 3 members to develop a web application for calculating one's age.
- Implemented the application using HTML, CSS, and JavaScript to create an interactive and user-friendly interface.
- Designed the functionality to input the user's birthdate and dynamically calculate their age in years, months, and days.

EDUCATION

Kibo School of Technology   **July 2023 - June 2024**

Undergraduate Diploma in computer science   New York, NY

African Leadership University   **Jan 2025 - Present**

Bachelor of Science (Hons) in Software Engineering, Expected Dec 2027   Kigali, Rwanda

ADDITIONAL

Technical Skills: Python, HTML, CSS, JavaScript, Flask, Shell Scripting

Tools: VSCode, Figma, Git

Languages: English - native speaker

Interests: Basketball, Gaming, Baking

non-technical skills: Problem-solving, Team collaboration, leadership, Communication

Collaboration: Worked effectively in virtual team environments
